6th Section prescribes that an Officer of the 4th Class will draw a mileage rate of one anna provided that except in case of transfer a non-gazetted ministerial or menial officer is entitled only to actual travelling expenses within that rate. This has a general application.

3. It admitted the desirability of bringing our rules into line with that of British India and accordingly abrogated N.B. 615 & 616 and introduced Chapter XIII Article 606.

4. The mileage rate now to be paid to menials is also one anna per mile limited to actual expenses.

5. It therefore seems desirable that menial servants when transferred should get one anna absolutely per mile without any restriction.

6. A rule to the effect "Inferior servants on transfer will be allowed a mileage rate of one anna a mile" may perhaps be added

7. In art 554. the following may be added

4(a). Besides Inferior Servants on transfer (vide art 606) ---- one anna per mile

SIR,

I have the honour to state that Article 554 of the Mysore Service Regulations, which fixes the mileage rate for - road journeys of all officers, does not fix any rate for in--ferior ~~officers~~ servants generally, but only for a particular class of menials. But the intention of Government in amending Article 606 of the Mysore Service Regulations by the issue of Addenda No.21 dated the 13th September 1909, is to remove the - disability which then existed of the inferior servants to draw any travelling allowances ordinarily on transfer. This intention cannot be given effect to as regards the road journeys made, so long as a rate of mileage admissible to inferior servants, - generally is not fixed. The first instance of a claim under - the amended Article 606 has come up for audit and I therefore, request that you will be good enough to obtain the Orders of - Government fixing the mileage rate for inferior servants general--ly, and to communicate it to this Office.
